dances.

5000 BC

Wheat has been cultivated
for more than 7000 yrs in every
continent except Antarctica

5000BC

The first undeniably food-producing villages appear not in the swampy southern river valleys but on the grassy hill country on the flanks of the Fertile Crescent. By about 5000bc people were living in clusters of mud houses, growing wheat, barley, and peas, and probably provided with domesticated sheep and goats.

5000 BC

1912 Dates J-BK

The royal palace of the
Babylonians at TEL-LO or
SHIRUP SHIRPURIA dates back
to 5000 BC, though it was
restored by King SUDIA

ANIMISM

the hypothesis, original with Pythagoras and Plato, that the universal soul (Anima Mundi) no matter how conceived, is the cause or principle of life

Belief that within every object dwells an individual spirit or force which governs its existence. It has been said that upon this concept

rests the historical structure of religion
